PREFACE.

This well-known collection was formed during the last thirty years by the late Charles I. Bushnell, Esq., a lawyer of New York city, and whose decease occurred the 17th of ninth month, 1880. About three months before his death, he gave us the pleasure of looking at his collection, a favor he very rarely conferred on any one, and in passing over it, he made many comments and remarks, and where we give his statements they are from these conversations.

Mrs. Bushnell, the sole executrix, has assured us that every piece she knew of has been placed in our hands. All are to be sold to the highest bidder.

This is the finest collection of American Coins and Medals ever sold, and we have not spared labor or expense in the preparation of the Catalogue; we had the paper made to order, and had new type purchased from which to print it.

This splendid collection contains a great many pieces of excessive rarity, which are too numerous to mention, but which will be found fully described. An opportunity to purchase the Coins and Medals relating to, and struck in this country, at all approaching the present, has not been for many years. Collectors cannot be too fully aware of the extra condition of these specimens, and it is quite probable that duplicates could not be procured. Mr. Bushnell told us he never spared expense in improving their condition, that no matter how fine a specimen was, if he could improve it he did so; he also told us that he cared but little for the dates of the U. S. Mint silver issues, and the series of which he never completed, his attention being devoted to the Coins and Medals relating to the history of this country.

We have endeavored (as we always do) to give a lucid and correct description of the pieces; in this instance, as a rule, the pieces are in the finest state.

At our last two sales, collectors, by their bids, showed that they have appreciated our efforts to give exact descriptions of Coins and did not discount our conditions, and we take this opportunity to thank them.

It has become a custom for many collectors to send their bids for a sale about two days before it occurs, and in many instances they have not arrived until after the sale was over, causing them regrets. We would urgently request that bids be forwarded many days or even weeks before the sale.

Any further information concerning any of the pieces will be cheerfully given, and, so that it may be of service, we desire collectors to communicate at their earliest convenience.

The sizes given are by the scale of sixteenths of an inch, and the numbers given are so many sixteenths.

COINS

OF THE

BRITISH COLONIES IN NORTH AMERICA

COLONY OF MASSACHUSETTS,

IN NEW ENGLAND.

SILVER COINAGE.

140 (1652.) Shilling. N E in punch-mark on a plain silver planchet. Rev. XII in punch-mark. Very fine. Very rare. Size 19. See plate. The first coin of America.

141 (1652.) Sixpence. N E in punch-mark on a plain silver planchet. Rev. VI in punch-mark. Very fine for the piece. Excessively rare very few extant. The specimen in the Mickley sale brought $67.50. Size 14. See plate.

WILLOW TREE SERIES.

142 1652. Shilling. The tree more like a bush. As good an impression as usual. Fine for this piece. Extremely rare. See plate. Crosby, obv. 3d, rev. G1. Size 20.

143 1652. Sixpence. A bush. Obv. Very good. Rev. Poor. Crosby plate 1, No. 7. Very rare. See plate.

144 1652. Threepence. The tree resembles a full blown rose or bush. MASAT– VSETS. IN. Rev. 1652 III NEW ENGLAN– D: The letters omitted are invisible. This piece is in all probability unique (Crosby does not mention it), and it is the only one known to us. Well struck, and in very good condition. See plate.

THE CELEBRATED GOOD SAMARITAN SHILLING.

145 1652. Shilling. A very good representation of the Good Samaritan attending a man by the roadside, his horse and a tree in the background. MASATHVSETS . . . . IN: Rev. 1652 XII. within a circle of dots, IN NEW ENGLAND . ANO: The die very much cracked on reverse, rendering it impossible to strike any more after this one, and it is very likely that only one impression was struck. A genuine struck coin. This celebrated piece has been known to be unique for over two hundred years, and is one of the greatest gems of this collection. It was highly prized by Mr. Bushnell, who considered it the N. Y. doubloon and Lord Baltimore penny his most important pieces, valuing it at more than $1,000,and we consider it worth any amount that can be paid for it. Extremely fine. See plate. Unique. There was in the Pembroke collection (formed about 1683, and sold at auction in London in 1848) a Good Samaritan shilling, differing from this in

many respects, and had the word "FAC-SIMILE" in the field. Our opinion is that this piece was a fabrication, engraved as a copy from probably the genuine, and very likely the present piece, and to prevent it ever passing as genuine the maker placed the word FAC-SIMILE in the field. The piece figured in Pembroke, Snelling, and Ruding is the same fabrication.

Mr. Bushnell told us that he imported this piece himself direct from England, and that there was not any doubt of its genuineness, a fact borne out in every way by the coin.

Mr. Bushnell would not permit Mr. Crosby to have this piece to place on his plates, but had an engraving made of it, which is represented on page 68, fig. 22, of Mr. Crosby's work.

OAK TREE SERIES.

Device—an oak tree, MASATHVSETS. IN. *Rev. 1652 XII. in centre,* NEW ENGLAND. AN. DOM.

146 1652. Shilling. Very fine. Crosby plate 1, No. 10, obv. 1 b, rev. D. Rare.

147 1652. Shilling. Fine. Crosby plate 1, No. 9, obv. 2. rev. D. Rare.

148 1652. Shilling. Very good. Crosby, obv. 4, rev. C. Very rare.

149 1652. Shilling. A curious short tree with three branches on each side, and two shrubs. Fine. Crosby, obv. 7. rev. B, fig. 7. See plate. Very rare.

150 1652. Shilling. Cracked die, obliterating part of the legend, otherwsie fine. Slight crack in edge. Crosby, obv. 9, rev. G, rarity 6.

151 1652. Shilling. Fine. Crack in edge. Crosby plate 1, No. 11, obv. 9, rev. H. Rare.

152 1652. Sixpence. A fine tree with two shrubs. Extremely fine, and the finest sixpence we ever saw, being evenly and sharply struck in every part, with perfect beading all around, which is very unusual. On rev. in field it shows that it has been struck over a shilling, foi the XII are visible. Crosby, obv. 5, rev. A, fig. 8, p. 48, rarity 6. Mr. Crosby states that it has not any centre mark, but he is mistaken, for it has it very prominently. Unique variety and probably the finest oak tree sixpence known. Size 16. See plate.

153 1652. Sixpence. A fine tree with two shrubs. It is remarkable that this rarity bears the inscription MASATHUSETS without the word IN on obv. it is, however, on the rev. Crosby, obv. 6, rev. F. rarity, 3. Uncirculated. Very rare. See plate.

154 1652. Threepence. A curious tree with wide open trunk. Sharp and well struck. Extremely fine. Crosby plate I. No. 15, obv. 1, rev. A 1, rarity 5. Extremely rare. See plate.

155 1652. Threepence. Tree leans to the right. Crosby, obv. 5, rev. B. Crosby doubts there being a centre mark, which this has between 5 and 2. Fine. Rare.

156 1662. Twopence. Crosby, obv. 1. rev. 3. Extremely fine. Rare.

PINE TREE SERIES.

Similar device to the oak tree coins, but instead of an oak, a pine tree.

157 1650. Shilling. A pine tree with five branches on each side, three of which bear cones, enclosed in a circle of thirty-five dots MASSACHVSETS - IN : border composed of dots joined together. Rev. 1650—XII within circle of twenty-eight dots. NEW–ENGLAND*AN - DO* border dots joined. Size 20. Weight 75 grains. Extremely fine. From Mickley sale, No. 2249, $50. Cost Mr. Mickley $100. See plate. Unique.

This piece is a different variety to any known (with the exception of one from same die, also altered), it is altered from 1652, and was sold to Dr. Amme Brown, of Boston, in 1857, as an altered piece, then, in 1858, sold with the rest of his collection, and purchased by Mickley for $100. Two known.

These three pieces, above mentioned, first appeared in 1854, when they (one of the large type and three of the small type), were sold to Dr. Amme Brown, of Boston, by a person from Boscawen, N. H. In 1856 or 1857, the same person brought him the altered piece, and sold it to him as an alteration, for $5. They have occasioned a great deal of controversy, but are, in our opinion, false and struck from dies. Dr. Brown sold his coins in 1858, when these were purchased by Mr. Mickley, and sold at the sale of his collection as genuine. We place these pieces on the plates, that collectors may see for the first time a photograph of them.

Mr. Crosby states that the genuineness of this piece is doubted; we have given it a careful examination, and it is our opinion that it is a struck piece which some vandal has tooled around the letters and the pine-tree. Fine, but part of legend weak and undecipherable. Unique?

There is no doubt in our minds but that the Virginia coins were issued and used in circulation. The half-pennies we have had in all states of preservation from very poor to proof. The shilling is not only of a different date, being 1774, while the half-pennies are dated 1773, but is of a totally different obverse, and is the size and weight of a shilling of George III. These pieces should be more highly appreciated by American collectors. Many collectors have thought that the bright red half-pennies were restrikes, but they are all genuine and from a find made in Baltimore many years ago. There are over twelve different varieties, which shows that numerous dies had been prepared for an extensive circulation. These pieces have every appearance of a regular British coin of the period.

MEDALS
ON THE
INDEPENDENCE OF THE UNITED STATES, THE REVOLUTIONARY WAR, AND THE DECLARATION OF PEACE.

All the following medals are in extremely fine condition, and struck in silver, unless otherwise mentioned:

291 Libertas Americana. Beautiful head of Liberty, with flowing hair, to left, a Liberty cap on a pole behind the head; LIBERTAS . AMERICANA; in exg. 4 JUIL. 1776. Rev. The infant Hercules on his shield-shaped cradle, strangling a serpent in each hand; Minerva standing over him repelling the attack of the British Lion, and protecting him with her shield, surcharged with the lilies of France, and against which the lion has placed his fore-paws; NON SINE DIIS ANIMOSUS INFANS.; in exg. $\frac{17}{19}$ Oct. $\frac{1777}{1781}$ By Dupre. Extremely fine. Very rare. 30. See plate.

This medal was designed by Benjamin Franklin to commemorate on the obverse the Declaration of Independence, and on the reverse the surrender of Burgoyne at Saratoga, and Cornwallis at Yorktown, Hercules personifying the United States, the serpents the two armies, the dates in exg. being those of the surrenders, Minerva, France, and the Lion, Britain. A very beautiful medal. The rev. design of Hercules the same as, and probably from, a coin of Crotona of the 4th century, B. C. It is, in our opinion, from the obv. of this medal that the designs of the cents of 1793 to 6 were taken.

292 Same. Bronze.

The following fourteen medals were executed in Holland, and we give translations into English of the Dutch inscriptions:

293 Three figures standing; a male figure personifying Holland, clasping with his right hand that of the United States, who supports an inscribed shield; at his left, Britain offering an olive branch; above, a Victory. Rev. In Dutch, "To the States of Friesland in grateful remembrance of the Assemblies held in Feb. and Apr. 1782, Dedicated by the Citizen Society "Through Freedom and Zeal," at Leuwarden." 28. Refers to the recognition by the Assembly of Friesland of the independence of the U. S.

THE EARLIEST COINS OF THE UNITED STATES.

712 1776. Dollar. Thirteen rings interlinked, each bearing the name of a state, in centre WE ARE ONE, surrounded by a band bearing AMERICAN CONGRESS; the field between centre and rings filled with a glory. Rev. 715 Similar. The rings beaded, but partly cut into lines. Brass. Very fine. Excessively rare. Only two being known. The other being in the collection of Mr. W. S. Appleton. Size 24. See plate.

These pieces we consider to be among the most interesting of American coins, as they were the first coins designed for the United States, and it is related that the Americans had to flee from Philadelphia where they were striking them, and afterward issued them at Lancaster, Pa.; but one is known in silver (in the collection of Mr. L. G. Parmelee, of Boston), which shows the depleted state of the

U. S. treasury at that time. They are far rarer than collectors in in general consider them to be, and some day will bring greater prices than they have.

Very fine. Size 19. Weight 411½ grains. Gold. Excessively rare. See plate.

This piece differs from the others known in having the punch-mark E.B. on shield, instead of on the right wing; it also weighs more, the others being 408 grains. But four doubloons are known in any state; they are in the collections of Messrs. Parmelee, Stickney, the United States Mint at Philadelphia, and the present one. This piece Mr. Bushnell considered one of the gems of his collection, and valued it at $1,000.

STATE OF NEW JERSEY.

COPPER COINAGE.

Device. Horse head to right above a plow; NOVA CÆSAREA, *date beneath. Rev. A United States shield;* E * PLURIBUS * UNUM *

920 1786. The piece with the date under the plow beam; the horse head small, and the plow without coulter; NOVA CÆSAREA . 1786. Rev. A large, well formed U. S. shield, * E * PLURIBUS * UNUM * Obverse and reverse unique. An even, strong, bold impression, with nearly complete serrating. Extremely fine. Light olive. See plate. Unique.

Mr. Crosby makes an error when he describes this as being Obv. 8, Rev. G. It is not, his rev. G being distinctly different. He probably did not see the piece, as Mr. Bushnell would not show it, and Dr. Maris only obtained a very miserable impression from it, which he gives on his plate as No. 8, F. It was purchased at Mickley sale, No. 2476, for $65, but it was not then known to be unique, and it is now worth many times its cost. The only other New Jersey with date under the beam is a distinct variety from this. It was formerly in the collection of Mr. A. S. Jenks, of Philadelphia, and was purchased at the sale of his collection for $125, by L. G. Parmelee, Esq., of Boston. It is the one on Crosby's plate VI. No. 17.

THE sale was very successful; the grand total being $13,900.47, which proves it to be the largest coin sale ever held in America, and it is by far the finest collection of American coins and medals only, that has been offered.

We have noticed the following, and a very few typographical errors, which always occur in a work when it is published in such brief time:

No. 193, instead of three, four known; No. 256, Kittaning, read Kittanning; No. 289, knawing, read gnawing, and see No. 1276 for correct spelling; No. 356, Carrol, of Carrolton, read Carroll, of Carrollton; No. 368, Harvard, read Yale; No. 371, 1813–39, read 1814–39; No. 428, Fennimore, read Fenimore; No. 856, 27–E, read 37–E; No. 1844, a perfect electrotype copy; No. 1954, after Rocky insert Mountains; No. 1976, Hamilton, read Hamlin, and No. 1982 ditto; No. 2972, Logan, read Cogan, and 2978 ditto.

But 500 copies of this catalogue were printed, and of these only 100 were issued with plates.
